[reservations@barharbortvillager.com](mailto:reservations@barharbortvillager.com)

They have reserved 10 rooms for us, 5 with king beds and 5 with 2 double beds, first come first served. There's good availability, so we can probably book more, but these rooms are held for us for 2 weeks. Price and info on how to book on line below:

Our regular rate at that time is \$109 + 9% lodging tax for single or double occupancy, and we would be able to offer a **group rate of \$98 (plus 9% tax = \$106.82)** for this block of rooms. We have good availability in rooms with 1 king bed or 2 double beds, and the rate is the same for either room type for 1 or 2 people in a room. 3 people would be \$108 and 4 people would be \$118. All of our rooms include a complimentary continental breakfast as well.

#### Booking info:

People should book their rooms online at the regular displayed rate on our website ([www.barharbortvillager.com](http://www.barharbortvillager.com)) and then reference "Seacoast HOG" in the comments/special requests section of the online reservation form in order to receive the group rate. Once we receive the reservation and see the block referenced in the comments, we will apply the group rate. They will initially get an automated email confirmation from the website that they should disregard, as we will send an updated email confirmation reflecting the adjusted rate for their records.
